

This week in CIS 3100

- GA 3 time
- Be working with your groups, optionally wherever you have space / is convenient
- Consider a mixture of access and excel, or a shared excel template, on google drive or office 360
- Use class time to make decisions, and take in each others' ideas
- Get it done by next week Tuesday /Thursday
- Every group member must supply 5 companies, so size does not impact your assignment
